February 28, 2020

- ◆ **Thank you** to all who sent in their re-registration forms. If you have not done so, please do so on Monday.
- ◆ **Transportation Reminder** It is imperative that you apply for transportation for next year from your local school district prior to the April 1 deadline. The school districts have advised us that there will be no extensions whatsoever. The first day of school will be Wednesday, September 9, 2020.
- ◆ **Reminder—LAST CALL** Applications for next year's Institute for Creative Problem Solving for Gifted and Talented Students are now available. The Institute is for students in grades five through ten. Classes are held from 9:00 a.m. to 11:30 a.m. on Saturdays at the SUNY Old Westbury Campus. **All materials need to be sent in to LISG on Monday, 3/2.** All applications will be mailed by LISG directly to the Institute for Creative Problem Solving. An entrance exam will be administered by the program on Saturday, April 4th. For more information and/or applications, please contact Mrs. Novick.
- ◆ **There is still time to place a Booster or an Ad in our Yearbook!** Place a one-line booster to let your child/ren know how proud you are! **The deadline is extended to March 12th.** Please contact Mary Terrence if you have any questions.
- ◆ **Safety Town, week of March 23rd:** Students in grades K-5 partake in Safety Town. This is a week-long activity where the gymnasium gets turned into an actual town. There are roads with different street signs for students to follow. A traffic light and many activities are set up for every student to play with as they go through the town. The children travel across this town in their "car" (a scooter) and are given instructions on how to be safe and obey the rules of the road.
