Carol Yilmaz, Founder
Patricia Geyer, Ed.D., Head of School

Required Immunizations for School Attendance for: **6th Grade**

New York State Public Health Law, Section 2164 requires that schools will not permit a child to attend school unless the parent provides the school with a certificate of immunization or proof from a physician, nurse practitioner or physician's assistant that the child is in the process of receiving the required immunizations.

Your child needs these immunizations for entry of school year: 2021-2022

Tdap

Your child will not be permitted to attend school without the necessary immunizations.

A record of your child's immunizations from your healthcare provider, health department or official copy of the immunization record from the child's previous school (a copy of the original immunization record from the healthcare provider – not a copy of the school health record) is acceptable. A NYSIIS/NYCIR record is also acceptable. The **exact date** each immunization was given must be included in the record.

The required immunizations can be obtained from your family healthcare provider or your county health department.

Please email or fax the immunization record to the School Nurse at your child's school.

If you have questions or concerns about immunizations, please contact the school nurse.

Sincerely,

Karen Jacobsen, RN
School Nurse
